September 2016

Dear Prospective Member,

Please accept this warm invitation to join or renew your membership in the Highland Park Recorder Society (HPRS).

As we enter our 28th anniversary season, we continue to foster a love and appreciation of the art, history, literature and uses of the recorder and improve performance through regular practice sessions.

Whether you're a beginner hoping to become a better player or a more advanced musician seeking to improve technique, you can make HPRS your musical home.

We use soprano, alto, tenor and bass recorders, and sometimes also great bass. We explore and enjoy music from the Medieval through the early classical periods – including folk music!

The Society was founded in 1987 as a chapter of the American Recorder Society (ARS), and was later transformed into an ensemble of winds and strings, the Garden State Sinfonia. We are an educational, not-for-profit organization that meets regularly to make music. We are a

members of the American Recorder Society, Early Music America and of GEM, the Guild for Early Music ([www.guildforearlymusic.org](http://www.guildforearlymusic.org)), a consortium of early music presenters.

Those who have participated in the past rehearsals and concerts will recall the warmth and joy we experienced in bringing to life works of some of the greatest composers of our musical heritage. We hope you will join us this year for more fun and music making.

Sincerely,

Donna Messer, Founder and President
